

REQUEST FOR ASSISTANCE

Clear Lake Education Center has raised funds through the Clear Lake Adventure Weekend (C.L.A.W.). These funds are available to visiting schools to help cover a portion of camp expenses. A formula using the number of students attending and the distance of each school from the center is used to determine the allocation of these funds. Clear Lake has also been able to make adjustments according to individual student need. In order to receive funds from Clear Lake, please complete the form below. In return, **we require 2 short essays from students about the benefits of their visit to Clear Lake Education Center.**

Name of School: _____

Name of Contact Person: _____

Phone Number/Email: _____

Cost of Transportation: _____

Reason for Need of Funds: _____

Though the C.L.A.W. event is no longer being held, there are funds from past Adventure Weekends still available in the account... and we want to thank those sponsors for their generosity. Please keep them in mind when you do business within your communities.
